

The screenshot shows the SpaceSniffer application window with a menu bar (File, Edit, Windows, Help) and a toolbar. A context menu is open over the toolbar, showing options like 'Show Log Console', 'Tile Horizontally', 'Tile Vertically', 'Cascade', 'Minimize All', and 'Close'. A 'Filter' box in the top right shows 'full scan 88%'. A 'Choose drives or type paths' dialog box is open, showing drives (C:, D:, F:, H:) and a 'Start' button. The main area displays a 3D-style view of file space with 'Free Space' highlighted in green and 'Unknown Space' in blue. A 'Please support!' banner is visible at the bottom.

**Annotations:**

- Change look and behavior:** Points to the 'Configure' button in the toolbar.
- Show scan issues (auto popup by default):** Points to the 'Show Log Console' option in the context menu.
